

Parent Volunteer Sign-up

We love parent volunteers! Research shows that parental involvement in a child's education has a positive impact on both the child and the school:

- Students' performance levels are higher
- Students' attitudes and behavior are more positive
- Students' long term academic achievement is increased
- Students have higher attendance rates
- Academic programs are more successful
- The school, as a whole, is more effective

Child's Name: _____ Parent's Name: _____

1. ___ **Substitute:** Assist in the classroom when one of the teachers must be absent.
2. ___ **Fundraising:** Help coordinate and promote fundraising events, pick up supplies, and distribute information.
3. ___ **Classroom Volunteer:** Help out in the classroom either part day or full day (read a story, help with an art project or science experiment, etc.).
4. ___ **Shared Expertise:** You can share your expertise one time (or several) with your child's class or the entire school. Previously, parents have shared their expertise in yoga, science, gardening, cooking...the possibilities are endless!

What expertise can you share with us? _____

5. ___ **Anything else you'd like to help with:** _____
